USA WORKING EQUITATION Licensed Officials Program

1. PROGRAM OVERVIEW

1.1 License Application Process

License applications must be submitted on the appropriate official form provided on the website (**Education>Licensed Officials Program>LO Application Form**). Only fully completed applications, accompanied by an application fee, will be considered.

The first full year after an official's approval will be considered the start of his/her officiating record.

All applications contain a statement, to be signed by the applicant, indicating that the applicant has read, understands, and agrees to abide by the rules governing the USAWE Licensed Officials Program.

Learner ("L") judge candidates and Technical Delegate (TD) candidates must register with the Licensed Officials Committee (LOCadmin@usawe.org) when they begin work on their application requirements. This will enable the LOC to include them on applicable LOC notices and program updates and keep them informed of upcoming education opportunities. The candidate's Intent to License fee is \$25. Once all requirements have been met, the final license fee is \$25.

1.2 License Renewal Requirements

Judge and TD licenses must be renewed every year. The **renewal** fee is \$25. The renewal period is January 1 to January 31. **Failure to renew will result in suspension of the LO's license until the renewal fee has been paid.**

A rules test must be taken at the beginning of the competition year. The test will be administered when the individual LO's Continuing Education (CE) requirements have been met and their USAWE membership has been renewed. Officials who do not pass the rules test on their first attempt will have the opportunity to retake the exam. If the test is failed on the second attempt, there will be a 30-day waiting period before the test may be re-taken. During this time the license will be suspended.

A license that has been inactive for two years will be considered expired. Applicants must reapply.

1.3 Application Appeals Process

Any person whose application for enrollment, renewal, promotion or change of status has been denied or whose license has been revoked, placed on probationary status, or suspended may request a review by the LOC to reconsider the decision. The request must be in writing and include a rationale to reverse the decision. The request must be received within 30 days of the LOC ruling.

USA WORKING EQUITATION Licensed Officials Program

The LOC will issue a written notice to all parties within 10 days of the request for review; the notice will contain a brief statement of the facts regarding the position of the LOC and specify the time and place at which the review is to be held. The person requesting the review may attend and may bring witnesses or other evidence on his/her behalf.

The LOC will review the request for reconsideration. If the original decision is upheld, the person has the right to appeal to the Appeals Committee who will review the case and make a final determination. The USAWE President, Vice President, At Large Director 1, At Large Director 2, and the Chair of the LOC serve on the Appeals Committee.

1.4 Continuing Education (CE) Requirements

CE requirements for both Judges and TDs must be completed for license renewal. CE is tracked annually, starting on January 1 of the first year following initial licensure. Judge CE requirements are detailed in Section 4; TD CE requirements are addressed in Section 5.3.

1.5 Insurance Program for Licensed Officials

As of January 1, 2026, USA Working Equitation has removed the requirement for Licensed Officials to purchase insurance through a USAWE group policy. USAWE encourages all licensed officials to hold professional liability insurance of their own.

USA WORKING EQUITATION Licensed Officials Program

2.1.6 International Guest Judges

The LOC may grant permission for an international WE Judge to officiate at the request of a licensed competition for that competition only. There is no license application fee for international guest judges.

Guest cards will be issued for officials with foreign national licenses provided they have senior WE status in their own country and will be officiating at the levels for which they are licensed by their organization. Judges must provide a copy of the license and documentation to validate that they are currently "a judge in good standing" in that organization. These documents must be official, issued by the country's national WE organization.

It is the responsibility of competition management to ensure the eligibility of guest officials.

Guest judges are required to take an open-book rules test and pass with a minimum score of 90%. *Exception:* WAVE judges are exempt from taking a rules test.

Guest judges must have a USAWE-licensed judge serve as scribe.

2.2 Advancement Requirements

2.2.1 Overview

After meeting the advancement requirements for each license level, judge candidates must participate in a comprehensive testing and evaluation process that consists of the following elements:

- a. In-person silent judging at a licensed show.
- b. Written exam.
- c. Review of candidate's performance evaluations from show managers.
- d. Review of candidate's personnel file.
- e. Interview with LOC representatives and senior judges, once a - d. have been completed.
This is the final step of the advancement process.

The LOC will:

- Identify advancement events. Selection will be based on judge availability, location, and number and level of riders.
- Obtain agreement from the show manager for the event.
- Register candidates; communicate schedules/locations/times/etc.

Candidates must notify the LOC of their intent to advance a minimum of eight weeks prior to a scheduled advancement event. A completed license application must be submitted prior to participating in the live judging exercise, written exam, and interview.

Candidates for advancement must supply the LOC documentation of completed advancement requirements prior to applying for in-person silent judging, written exam, and interview.

USA WORKING EQUITATION Licensed Officials Program

The candidate must sign a **Confidentiality Agreement** that prohibits disclosure of any test questions or interview material. This agreement will be provided by the LOC at the time of testing.

The fee for judge advancement is \$100, payable at the time of submitting completed application.

2.2.2 In-Person Silent Judging Test

Requirement

The in-person silent judging test for “L” candidates must be conducted at licensed competitions with one “R” or “S” judge. “L” candidates will be tested on all rides up through Level 3.

“L” License:

Minimum Number of Tests: 15 scored tests.

Required Levels: L1-L3 tests.

Recommendation: Candidates should aim to include as many tests at each level as possible to broaden their experience.

All other candidates are required to score all rides in real time at a licensed USAWE competition with two “S” judges; an “S” and an “R” judge; or one “S” judge and one WAVE judge presiding. The candidate is required to score all rides.

“r” License:

Minimum Number of Tests: 20 scored tests.

Required Levels: L1-L5; Must include L4 and L5 tests.

Recommendation: Candidates should strive to include as many tests as possible at both L4 and L5, along with other relevant levels, to build proficiency.

“R” License:

Minimum Tests: 20 scored tests L1-L7

Required Levels: Should include scoring of L7 tests.

Note on L6: **L6 tests are not a mandatory requirement as many riders tend to skip this level making it difficult for candidates to meet specific L6 requirements. However, if L6 tests are scored, they will count towards the overall minimum requirement.**

“S” License:

Minimum Tests: 25 scored tests L1-L7

Required Levels: Must include scoring of L7 tests.

Note on L6: **L6 tests are not a mandatory requirement as many riders tend to skip this level making it difficult for candidates to meet specific L6 requirements. However, if L6 tests are scored, they will count towards the overall minimum requirement.**

USA WORKING EQUITATION Licensed Officials Program

The LOC will:

- Obtain the list of entries/order of go from show management for the dressage and EOH trials and copies of the EOH course maps.
- Arrange for adequate seating (e.g., good position for judging, not near spectators or anyone who is remotely shadowing the judge).
- Have a representative onsite to oversee the operation.
- Collect candidate tests, and copies of the presiding judge(s) tests.
- Manage assessment of the test results.
- Reimburse show management for copying expenses.

Candidates are responsible for their own score sheets and their own scribe. The scribe cannot be a licensed official.

Assessment Criteria

Candidates will be assessed on:

- Accuracy of marks and collectives. (Individual marks can be different from the presiding judge if they can be justified.)
- Ability to keep up with the schedule.
- Ability to handle pressure.
- Ability to stay focused.
- Professionalism in appearance and demeanor.

An average of the presiding judges' marks will be used for comparison with candidate judges. If one judge is a WAWE judge, their marks will not be considered in the L1-L3 tests if they are widely out of range from the "S" judge.

The full set of tests will be assessed for each candidate. The following will be noted:

- How many marks were out of the +/- 2 range?
- Was there any inconsistency in these marks on a particular movement or obstacle from one test to another?
- Was there a negative mark on either side (presiding judge or candidate) that was not consistently applied? If yes, comments on the hard copies of all tests (presiding judge and other candidates) will be compared to determine the cause.
- Did there seem to be a greater variance in test comparisons for some levels as opposed to others?

Test comments will be reviewed as needed to validate assessments.

Evaluators will reach consensus on a numerical score for each candidate:

- 5 = **Excellent.** Very close to the presiding judges' marks in 90% of tests.
- 4 = **Good.** Within a two-point range in all marks.
- 3 = **Sufficient.** A few marks out of range, but otherwise shows a solid grasp of judging criteria. This is the minimum passing grade.
- 2 = **Insufficient:** Lacks the eye and/or the scope to be considered consistent for this level. Has clearly definable areas for improvement. Eligible for re-exam at the next opportunity. May assign a mentor to assist.
- 1 = **Not Acceptable.** Lacks the knowledge and experience to attempt this level. Needs more basic education.

2.2.3 Written Exam

Requirement

At the same competition where in-person silent judging testing is being held, candidates will also take a written exam to assess their understanding of judging theory. The test will be administered by a member of the LOC. Written exam scores will be considered valid for a period of 12 months.

Assessment Criteria

The Senior judges and the LOC chair will independently score each test question response and then meet to reach consensus on a composite score for each candidate using the following guide:

- 5 = **Excellent.** Answered question fully. Shows strong understanding of the topic.
- 4 = **Good.** Solid answer. Shows good understanding of the topic.
- 3 = **Sufficient.** Understands the basics, could use more information on the topic. This is the minimum passing grade.
- 2 = **Insufficient.** Has some of the basics, but not enough to be considered knowledgeable on the topic.
- 1 = **Inaccurate.** The response is mostly incorrect.
- 0 = **Response totally incorrect or did not answer.**

2.2.4 Review of Candidate Evaluations

A member of the LOC will review the evaluations for each candidate and document the findings.

USA WORKING EQUITATION Licensed Officials Program

2.2.5 Interview

A Zoom interview with the candidate, two Senior judges, and a member of the LOC will be conducted. The interview panel will score the candidate independently on each question. Using the same assessment criteria as for the written exam (Section 2.2.3), they will consider such factors as:

- Accuracy of response
- Thoroughness of response
- Clarity of response
- Communication/language skills
- Confidence

The interview panel will prepare an assessment of the interview, citing strengths, areas for development, and overall impressions of the candidate.

The candidate must sign a Confidentiality Agreement prior to the interview.

2.3 Selection Process

The LOC will hold a special meeting to review the application package and identify candidates to be presented to the USAWE Board for advancement.

Candidates should have an average minimum score of 3 to pass the written exam, live testing, and interview.

Candidates who have negative reports from show managers, TDs, or Judges, have received a Yellow Card, or have an ethics complaint, but otherwise pass the technical requirements may, at the discretion of the LOC:

- Have their promotion withheld for a six-month period during the competition season pending no further negative reviews, or
- Receive the promotion but be on probation for one (1) year to ensure no further negative reviews, or
- Some other comparable determination.

Candidates who fail to get a passing score on any of the components of this process will not be promoted. A remedial plan will be developed in coordination with the candidate. Reassessment will be considered six months after the remedial plan is implemented.

USA WORKING EQUITATION Licensed Officials Program

3.2 Scribing for a Judge

What's Involved:

Serve as a scribe for a judge.

You may not compete at the same show in which you are scribing. If there are two, one-day shows at a given event, you may compete in the first show of the series and scribe for the second show.

What's Required:

- a. Obtain permission from the licensed official and the show manager in advance of the competition.
- b. Complete a copy of the **Scribe Log** for the Judge to sign (see *Attachment B*).
- c. Retain a copy of the log to submit with your license application or **CE Log** at the appropriate time.

3.3 Shadowing a Judge One-on-One

What's Involved:

Standing with the Judge, observing the scores and comments given. The candidate must get permission from the Judge and the Show Manager in advance. The number of rides and levels must be listed on a Shadow Log signed by the Judge. Include the log(s) with the license application.

The number of rides is specified in Section 2 for each judge level. A ride is defined as all trials entered and ridden by a horse/rider pair, including DQs; e.g., Novice A (L2) Dressage, EOH, and Speed trials constitute one ride. Scratches do not qualify.

You cannot shadow if you are also serving in any other capacity at a show.

You may not compete at the same show in which you are shadowing a Judge. If there are two one-day shows at a given event, you may compete in the first show of the series and shadow at the second show.

This option is limited to one shadow per Judge to minimize distraction. Shadow requests may come from Professional Instructors as well as from judges. The Judge has the right to deny a request to shadow if more than one person applies.

Note: The first rule of shadowing: *Silence is Golden*. Shadows are a guest of the Judge and a guest of show management. Shadows are not co-judges, regardless of their license level. Shadows are not there to debate a call. Shadows are entitled to questions but not opinions. The time for questions is when the Judge is not working with the scribe or completing test comments. The onus is on the presiding Judge to maintain decorum.

USA WORKING EQUITATION Licensed Officials Program

What's Required:

- a. Obtain permission from the licensed official and the show manager in advance of the competition.
- b. Complete a copy of the **Judge Shadow Log** for the Judge to sign, indicating the number of rides at each level (see *Attachment A*).
- b. Retain a copy of the log to submit with your license application or CE Log at the appropriate time.

3.4 Remotely Shadowing a Judge

What's Involved:

Judge candidates use one-way headsets to hear the Judge's comments and scores in real time. Candidates are seated in an area with good visibility of the arena. The LOC will organize the candidate(s)* and obtain permission from the Show Manager and the presiding Judge in advance of the show. The number of rides and levels must be listed on a Shadow Log signed by the Judge. Include the log with the license application.

You cannot shadow if you are also serving in any other capacity at a show.

You may not compete at the same show in which you are shadowing for a Judge. If there are two, one-day shows at a given event, you may compete in the first show of the series and shadow or scribe for the second show.

Remotely shadowing a Judge must be coordinated with and approved by the LOC a minimum of four weeks prior to the event. The LOC will pay for shipping the one-way headsets to/from the Judge.

The LOC will identify other judge candidates who are interested in remote shadowing.

What's Required:

- a. Contact the LOC to coordinate a shadow judging session. *This must be done at least four weeks in advance of the event.*
- b. Provide the show name and date, the show manager's name and email, and identify the Judge and TD who are officiating.
- c. Pay the remote shadowing fee using the LOC Fee Processing Request form on the USAWE website>**Education>Licensed OfficialsProgram>LOC Fee Processing Request>** [LO Application Fee Request Link](#)
- d. Provide a mailing address and point of contact for shipping the headsets.
- e. Each judge candidate must complete a copy of the **Judge Shadow Log** for the Judge to sign, indicating the number of rides at each level. (see *Attachment A*).

USA WORKING EQUITATION Licensed Officials Program

- f. Each judge candidate must retain a copy of the **Judge Shadow Log** to submit with their license application or CE Log at the appropriate time.

3.5 Video Shadowing a Judge

What's Involved:

Requisite numbers and levels of ride videos are viewed by the judge candidate(s) with a licensed **"R" or "S"** Judge, scoring it as if in real time. Used only when not enough live rides at a given level are available to the judge candidate to meet continuing education requirements.

Video shadowing must be coordinated with the LOC a minimum of six weeks in advance of any continuing education deadline to enable adequate time for video selection, Judge assignment, and scheduling.

What's Required:

- a. Contact the LOC to request a video shadow judging session. *This must be done at least six weeks in advance of the event.*
- b. Identify the specific level and number of rides needed to meet your requirement.
- c. Pay the video shadowing fee using the LOC Fee Processing Request form on the USAWE website>Education>Licensed Officials Program>LOC Fee Processing Request> [LO Application Fee Request Link](#).
- d. You will be contacted by the LOC when the appropriate videos are available to schedule a Zoom session.
- e. Obtain a signed **Judge Shadow Log** from the presiding Judge for your records (see *Attachment A*).

3.6 In-Person Silent Judging

What's Involved:

Scoring independently during the licensed competition and comparing scores with the official scores given after the show. Candidates are responsible for getting test blanks and labeling each with the applicable horse/rider name, as well as the candidate's name. For **"R" and "S"** judge candidates, the presiding Judge must be an **"R", "S", or WAVE Judge**; **for "L" and "r" judge candidates, the presiding judge must be an "R" or "S" judge.**

Silent judges must sit apart from the presiding judge(s), spectators, and anyone who is remotely shadowing. Having a scribe is highly recommended to enable the judge candidate to derive maximum benefit from the exercise. The judge candidate is responsible for providing a scribe. The scribe cannot be a licensed official.

Criteria for a satisfactory assessment include:

- Justification of marks with correct comments.

USA WORKING EQUITATION Licensed Officials Program

- Marks within +/- 2 points of the presiding judge. No more than five marks in a test should have a difference of more than 2 points. A greater point range is acceptable with justification.

What's Required:

- a. Contact the LOC to coordinate a silent judging event. Identify the show name, date, show manager and contact information, and the presiding judge. *This must be done a minimum of four weeks in advance of the event.*
- b. Pay the Silent Judging fee (\$50). USAWE website>**Education>Licensed Officials Program>[LOC Fee Processing Request](#).**
- c. The LOC will obtain approval from the show manager, arrange for adequate seating, request ride schedules and course maps, and request copies of the official test scoresheets at the end of the show.
- d. Candidate must bring the requisite number of blank tests for both Dressage and EOH. Complete the information at the top of each indicating the test level, the rider/horse name, and your name. *Note:* Blank test forms can be obtained from the Rulebook, Appendix C. It is in the candidate's interest to get their test packets prepared correctly and in the proper order. There will be no time to make any corrections during the silent judging exercise. Contact the LOC if you have any questions regarding this requirement.
- e. At the completion of the show, turn in all tests to the presiding Judge.
- f. The Judge will collect the tests from all silent judges as well as a copy of the official tests and mail or scan them to the LOC for compilation and assessment.
- g. The LOC will reimburse show management for costs associated with printing or copying presiding judges' Dressage and EOH tests.

3.7 Judge Calibration

What's Involved:

Candidate(s) works with an "S" Judge via Zoom to score videos of Dressage and EOH tests that have been previously scored by a panel of "S" judges. Candidate scores in "real time" with the presiding Judge acting as scribe. Discussions are held afterward to calibrate the candidate's score with the standard score derived by the judges. Calibration sessions last approximately two hours.

Criteria for a satisfactory assessment include:

- Justification of marks with correct comments.
- Marks within ± 2 points of the presiding judge. No more than five marks in a test should have a difference of more than two points. A greater point range is acceptable with justification.

USA WORKING EQUITATION Licensed Officials Program

What's Required:

- a. Contact the LOC to schedule a Judge calibration session.
- b. Pay the judge calibration fee using the LOC Fee Processing Request form on the USAWE website>**Education>Licensed OfficialsProgram>LOC Fee Processing Request Form>[LO Application Fee Request Link](#)**
- c. The Judge will complete a **Judging Assessment Form** for each participant (see *Attachment D*).

4. JUDGE CONTINUING EDUCATION

Every year, judges are required to:

- a. Officiate at a minimum of two licensed competitions (“r”, “R”, and “S” judges).
- b. Attend all mandatory online LOC education events, real-time or recorded. For recorded viewing, a quiz provided by the LOC must be completed for credit.
- c. Attend all Judge Tag-Up meetings (live attendance = .5 CE credits, recorded viewing plus questions = .5 CE credits). **Failure to attend or view Tag-Up recordings will result in a .5 CE credit deduction per missed session from your annual CE total.**
- d. Earn 12 credits from any combination of education options described in Section 3.1.
- e. Maintain a **Continuing Education Log** that details continuing education activities for the year. Individual logs are maintained for each Judge on the Google Drive. It is the Judge’s responsibility to keep their log up to date on the Drive. Assistance will be provided by a member of the LOC for Judges who do not have access to the Drive.

Every two years, “S” judges are required to:

- f. **Silent judge or co-judge with a WAWE judge. Silent judging or co-judging on a panel must include a minimum of 10 rides at L5 and above.**

If CE requirements are not completed and submitted by February 15th of the current year:

- g. The license will be suspended for a minimum of one month. The suspension will extend up to a maximum six-month period if the CE requirements have not been satisfied.
- h. The Competitions Committee will be notified of the suspension. The licensed official will not be able to officiate at a licensed show until the license has been reinstated.
- i. All CE requirements must be completed within six months. If not completed within this timeframe, the license will be considered inactive. To be reinstated, the judge must:
 - Pass a rules test with a minimum score of 90%.
 - Silent judge a minimum of 30 rides at a licensed show(s) with a passing grade from the presiding judge(s) at the same level or higher. Rides must include all competition levels for the applicable license. Marks must be within two points of the presiding judge; a greater range is acceptable with justification.
 - Pay a \$150 reinstatement fee.
- j. CE credits accrued during the suspension period will be applied to the delinquent cycle and may not be used again for the current cycle. The Judge will have until the end of the current one-year cycle to complete current CE requirements. The LOC will consider extenuating circumstances on a case-by-case basis.

6. LICENSED OFFICIALS DISCIPLINARY PROCESS

All complaints will be investigated with all involved parties and will be addressed within one month of the complaint.

The LOC members involved in the investigation will report their findings to the LOC within six (6) weeks of the initial complaint. The LOC will assign a ranking of 1 - 3, with 1 = no counseling required, 2 = possible probation and/or counseling required, and 3 = immediate suspension. The ranking will go into the LO's personal file.

If the LOC determines that probation and/or counseling is necessary, at least two members of the LOC will review the finding of the investigation with the LO involved. The Licensed Officials members of the LOC are recused from these investigations. The discussion will review the history and scope of the complaint, the findings of the LOC investigation regarding the complaint, improvement suggestions and requirements for the LO involved, and the resulting disciplinary actions assigned by the LOC. If the LOC determines that the complaint does not require probation, the LOC will provide written recommendations to the LO involved.

If suspension is determined, the suspended LO will be presented with a Personal Improvement Plan. Proof of completion of the plan must be submitted to the LOC before reinstatement of their license will be considered.

The LOC reserves the right to impose immediate suspension of an LO's license in extreme cases.
